

Material path

Tensile force sensor Tritens

Series 1363-S30 for materials up to Ø30mm

Dwg. No. K601332 Protection mark as per DIN34

Honigmann GmbH - www.honigmann.com

Measurement range depending on material path

(D) (E) (F)

Material path/spreading of the nominal sensor measurement value (F<sub>N</sub>)

1 5 8 Example: F<sub>N</sub> ≈ 10daN ⇒ Measurement ranges 10daN/2daN/1.25daN
